Overview

SGC PLC is established as a Private Limited Company under the Ethiopian Business Law in Lega Tafo Lega Dadi Municipal Administration to mitigate the emerging gaps between business companies and key stakeholders (federal, regional and local governments; local people and related agencies).

It is committed to and deeply believes that business companies importing solutions to the local problems they face highly costs their business prospects and profitability due to the generating multifaceted potential threats within local dynamics.

Consultancy Approach

Understand local dynamics, employ local knowledge, and generate local solutions to business challenges and problems.
